## *A Catalogue of some Cures, &c.*

**C**olonel Addifon, who liv'd at Mr. Robinson's, a Merchant in St. Martin's-Lane, Cannon-street, lay 5 Months so violently ill of the Rheumatism, that his Life was despair'd of; and hearing of the many unparell'd Cures I had wrought, desired I might be sent for, tho' he himself thought 'twould be to no purpose, for he was not able to turn himself in his Bed, yet I gave him Ease in less than two Hours, and notwithstanding he had the Advice of very eminent Men twice a Day, during his five Months Torture, I cured him in three times going to him.

Mr. Chambers, when Clerk to Sir Charles Cox of Southwark, was so very lame of the Rheumatism, from Head to Foot, that he was not able to turn himself in his Bed: Upon which Sir Charles sent for me. When I came, I applied Remedies proper to his Malady, and the next Day I visited him again, and Sir Charles coming to see how he prosper'd under my Hands, to his great Amazement found him walking about the Room; and two Days after he went abroad about his Business.

Mr. Duncore, a Reedmaker in Wheelers-street, Spittlefields, can direct you to near 20 of his Neighbours that I have cured of the Gout, Rheumatism, Sciatica and Head Pains, many of which could neither stand nor go.

Mr. Wood at the Ram at Cow-cross, was extream ill of the Gout, yet in four Days I enabled him to walk several Miles.

Mr.

Mr. Pye, a Painter, was so violently afflicted with the Gout, that he could not stir Hand nor Foot; and all that took him in hand, still left him in his wracking Pains; at last he sent for me, and I enabled him in a few Hours to walk Abroad as well as ever. Enquire of J. Cluer, Printer, in Bow-Church-Yard, to whose House he came from Charing-Cross the Morning after I cured him, altho' before he could not set Foot to the Ground if he might gain the whole World. Witness F. Pye, J. Cluer.

Mr. Covel, Carpenter in Quaker-street, Spittle-fields, had lain 9 or 10 Weeks extreme ill of the Gout, and when I went to him he could not turn himself in his Bed, nor stir hand nor foot, yet I cured him of all his Pains in 5 Days, altho' his Wife and all Friends despair'd of his Life.

Mr. Holland, a Goldsmith at Fleetbridge, was in great pain of the Gout, yet I eased him in an hour, and next day he went Abroad as usual.

Mr. Robins, the City Smith on Dowgate-hill, was so lame of the Rheumatism, that he could not move hand nor foot, nor hardly speak, yet I cured him in 5 or 6 Days. I also cured 10 or 12 more of his Acquaintance of the Gout and Rheumatism. Enquire at the Place aforesaid, where you will have a true and satisfactory Account.

Mr. Flackton in White Lyon-yard, near Spittle-fields was so ill of the Rheumatism, Pluresie, Fever and Fits, and so choak'd up with Flegm, that he could not move Hand nor Foot, and his Wife was told by a Physician he was a dead Man; but some that were there present advised him to send for me, and told him that I had cured many of his Neighbours, &c. that were in as bad a Condition as he.

When

When I came, I found a Room full of People, lamenting over him, as past Recovery; but to their great amazement I gave him ease in two Hours, and in 6 Days cured him.

I cured Mr. Jones, a Painter in Whitegate-Alley, Bishopsgate-street, of a very severe Fit of the Rheumatism, who was given over by all that saw him, for he had lost the use of his Limbs, and could not Eat, nor Sleep. This Cure I perform'd in 4 or 5 Days.

Mr. Johns a Bricklayer, a near Neighbour of Mr. Jones's, was so afflicted with the Rheumatism, that he could not stir Hand nor Foot; he also had a violent Fever, and was so choak'd up with Flegm, that he could neither Eat, Drink nor Sleep; he was given over by all, yet I gave him Ease in two hours, and cured him in 6 Days.

Mr. Allen, a Carpenter on St. Peter's-hill, had the Rheumatism the Night before he sent for me, that he thought he should not live 'till Morning, and tho' he had a Fit that lasted 10 Months, yet I eas'd him before I left him, and cured him in 4 Days.

One Mr. Harris, a Painter in Cree Church-yard was so bad with the Gout in his Stomach, that by all the Art they used, nothing would go thro' him, tho' he had taken 4 Doses of Physick, and 2 Glysters, and other things: At last Mrs. Harris calling to mind I had cured her Brother after he had lain 3 quarters of a Year lame of the Gout, and in all that time was not able to go up Stairs without help: She sent for me, and tho' her Husband was so far spent that he could hardly speak, I cured him so well, that he went to work in four Days.

A Servant of Mr. Warham's, a Pastry Cook at the upper end of Grace-Church-street, had such a violent Pain in his Head and Stomach, that to remove it he took 7 Doses of Physick, and other things, but nothing would go thro' him; so he being given over by 3 very able Men that had him in hand, I undertook to cure him, which, by the Blessing of God, I did in a Fortnight's time.

Now the Gout and Rheumatism being two Distempers that has puzzled so many learned Men, especially when got into the Head or Stomach; I beg my Readers will take 'special Notice of the Cures I have perform'd of this Nature; otherwise those who cannot perform the like Cures will endeavour to persuade People that no body else can. These Cures I perform with as much safety on Women with Child, as on the strongest Men: As for Instance.

Mrs. Cooper in Pelain-street, Spittlefields, and Mrs. Mason, (7 Months gone with Child) were both so afflicted with the Rheumatism, Cholick, Jaundice, sick and fainting Fits, that their Lives were despair'd of, yet I cured them, and preserv'd their Children; and they have not been troubled with any Distemper since, which is about 9 or 10 Years ago.

In the Gout or Rheumatism in the Head or Stomach, tho' attended with the Fever, Cholick, Gravel, Fainting Fits, Cold Sweats, &c. I give present Ease, as I do also in the Plurisie, tho' ever so violent.

Mr. Norcot, over-against Whitechappel Mount, had the Gout in his Stomach, attended with all the aforementioned Distempers, and tho' he had one  
of

of the best Physicians, yet nothing would pass thro' him; and tho' he was near 70 Years old, I cured him in a few Days, and he is now as strong and as well as any one of his Age in England.

The Lady Johnson had the Rheumatism in her Head, and after she had try'd all Remedies that were thought proper, one Mrs. Tod, whom I had cured, with several of her Acquaintance, advised her to send for me, and I gave her present ease, and her Ladyship has often said, She believ'd she could not have lived another Day if I had not eas'd her.

Mrs. Amas in Wheeler's-street, Spittle fields, had the Rheumatism in her Head, which was swell'd, and full of Pain, and she blind withal. She had try'd many Things to no purpose; was advised to the Colledge, but found no Relief. Her Neighbours, of whom I had cured above 20, at last advised her to send for me, and in 10 Days I cured her, to the Amazement of 'em all.

One Mr. Baily, a Barber near White-chappel Church had the Rheumatism, Fever, Cold Sweats, &c. to such a degree that his Life was despair'd of; he had try'd many things to no purpose, yet I gave him present ease, and cured him in a few Days; as I did also 10 or 12 of his Neighbours who were as bad as himself.

Mr. Flood at St. Tooley's Gate, Southwark, had the Rheumatism in his Stomach, Back and Head to that degree, that no body expected he could live. His Stomach was as if it was drawn all of a heap; yet I gave him Ease in an Hour, and the same Day he rode to Peckham.

Mrs.

Mrs. Cluer at the Maidenhead in Bow Church-yard, had the Rheumatism, Pleurisie, Gravel, &c. in such a violent manner, that she thought no Mortal could give her Ease; but to her great Amazement I cured her of all those complicated Distempers.

Mrs. Caborear by Stocks Market had the Rheumatism all over her, and she could not stir Hand nor Foot, yet I enabled her to walk about the Room in one Day.

**A**S for Pleurisies I never in my Life failed of Curing them in an Hour or two. One Mr. Woodward in Curfitor's Alley, had the Pleurisie which threw him into such a violent Fever, attended with Sick and Fainting Fits, that three Physicians, two Apothecaries, and a Surgeon gave him over, yet I cured him in two Hours, which gained me so much Reputation with Apothecaries, that I had three of them to Cure who kept their Coaches, and others not inferior to themselves of their own recommending.

Mr. Millington, a Bricklayer, had a Sciatick Pain which raged to that degree, that his Apothecary told him it either would kill him, or he would be a Cripple as long as he lived, yet I cured him in a very little time.

I also cured Madam Creswell at the Anchor and Crown near Hungerford Market, whose Condition was as bad as any of the aforementioned.

**I**N the Cholick, sick or fainting Fits, or Suffocation in the Stomach, I give present Ease, let it proceed from what Cause so ever; therefore let  
now

none despair of help, for by the Blessing of God I will relieve them, by a pleasant Drink, which is to be taken as follows: Let weak Constitutions take a quarter of a pint 2 or 3 times a Day, Blood warm; and those that are stronger may take half a pint 2 or 3 times a Day, more or less, as Occasion requires: You may eat Veal, Mutton, Chicken, or the Broth you make of it, and drink a Glass of Wine, with a bit of Toast, 2 or 3 times a Day; but you must not eat Fish nor salt Meat.

For sixt Pains, where Cupping is proper, I have the best Method in the World, which never fails giving present Ease: I Cup by Air, by which means I can Cup a Finger or a Toe, and take out the Chalk Stones, that occasions the shrinking of the Sinews. My Method of Cupping far exceeds Cupping by Fire.

Thus I have recited a few, among the vast multitude of Cures I have performed; and for the Satisfaction of those that are doubtful, I desire them to ask the Persons here mention'd, what excessive Tortures, intollerable Misery and violent Pains I have delivered them from; some, who before they have sent for me, were not able to stir Hand nor Foot, yet I have eas'd them, some in one, some in 2, and others in three days, of all their Pains.
